AWNING ADAPTERS

Mobile living made easy.

 **DOMETIC**

DOMETIC AWNING ADAPTERS

OEM / AM Managers Name

Dometic Product Manager

Date

- The installation of the adapter must be carried out by a qualified person.
- If you want to install a tent or a panel; make sure that the adapter is well positioned, taking the windows, garage and door opening into account.
- Check if you have a solid back ground for the installation of the awning adapter.
- The adapter must support the awning at the awnings spring arms for a correct and stable mounting. When this is not possible use a full length adapter.
- In order to get a watertight installation, use acid free silicone to fill up the drilled holes.
- Always read the installation instructions carefully.

SELECT THE CORRECT ADAPTER

Is there a Dometic adapter that we have in our range that fits?

Yes ☐ No ☐

Is there an adapter with another company that is in production and fits?

Yes ☐ No ☐

If yes, then please supply a competitor's adapter with pricing and fitting instructions for analysis
