

## Inline Pressure Switch

- Adjustable cut in/cut out pressure setting
- Suitable for installation into 12 mm Whale Quick Connect or 1/2" flexible hose systems
- Controls the pump by turning it on and off by sensing changes in the water system pressure
- Recommended for use with Whale submersible and inline booster pumps

### Product Information

Model Product Code	Pressure Switch WU7207
Weight	0.063 kg (0.14 lbs)
Hose Connections	Suitable for Whale Quick Connect 12mm and 10mm (3.8") flexible hose
Current Rating	10 amp: 12V d.c. systems 5 amp: 24V d.c. systems
Maximum Pressure	2 bar (30 psi)
Materials	Body: Acetal, Seals and Valves: Nitrile®, EPDM Spring: Phosphor Bronze, Fasteners: Stainless Steel
Service Kits	AK7208
