Carasafe Bottle Jack (Max 2000g)

The Liftboy 1 hydraulic bottle jack is a must-have accessory for your caravan, motorhome, or boat. Here are some of its key features:

- **Powerful** With a maximum load capacity of 2000kg, it can handle heavy-duty lifting tasks.
- **Adjustable** It offers a height range of 165 315mm, providing flexibility in various situations.
- **Robust** The red potkrik model variant ensures durability and longlasting performance.
- Compact Despite its power, it's compact and easy to store.
- **Safe** Designed with safety in mind, it's a reliable tool for lifting and supporting loads.

Whether you're changing a tyre or performing maintenance tasks, the 2 ton hydraulic bottle jack is a reliable and efficient tool. Its robust construction and powerful lifting capacity make it an essential piece of equipment for any road trip or boating adventure. Don't compromise on safety and efficiency when you're on the move – choose the Liftboy 1 hydraulic bottle jack for your lifting needs.

With hydraulic bottle jacks for sale, it's never been easier to ensure you're prepared for any situation. The Liftboy 1 is a standout choice, offering reliability, power, and safety in a compact and easy-to-use package.
